15TH YEAR. NO. 193.

EAST LIVERPOOL, O., THURSDAY, JAN. 25, 1900.

TWO CENTS

Vote to Be Taken on the Roberts Case.

AWFUL EXCORIATION BY LANDIS.

Indiana Orator Gave Mormons Fearful Lashing in the House-Roberts Was Absent-Noble Missionaries and Defense of Helen Gould.

WASHINGTON, Jan. 25 .- The Roberts case comes to a vote today.

Mr. Roberts was not present at the second day's debate in the house.

Had he been he would have heard the most scathing excoriation of the Mormons ever delivered upon the floor of the house by Mr. Landis, the young orafor of Indiana.

The galleries were almost as crowded. but the ladies were less demonstrative. The president's pastor, Rev. Dr. Bristol, was in the executive gallery the greater portion of the afternoon listening to the arguments.

The other speakers were Messrs. Powers (Rep., Vt.), and Miers (Dem., Ind.), for the majority resolutions; Messrs, Snodgrass (Dem., Tenn.), and Wilson (Silver Rep., Idaho), for the minority resolutions; Mr. Lacey (Rep., lowa), for his proposition to expel without swearing in and Mr. Crumpacker (Rep., Ind.), for exclusion by a twothirds majority. The speeches greatly strength and the majority resolutions, which seemed in danger of failing after Mr. Littlefield's speech the day before.

Mr. Landis argued that Utah had violated her compact with the United States. There had been universal rejoining in the land in 1896, he said, when Utah had been admitted into the Union. The people of the United States thought that the birth of the state worked the death of the system of polygamy. Yet they were startled to learn in 1898 that Utah had elected as her sole representative in the house a polygamist, and that he was moving upon Wasnington with a plurality of wives and a multiplicity of children. [Laughter.]

He contended that Mr. Roberts was not entitled to admission because he had violated Utah's compact with the United

Mr. Landis resented as unworthy of belief the charge made, he said, by Senator Rawlins, that the president had appointed notorious polygamists to office. The senator might, as well accuse the house of endorsing polygamy since it had passed a bill appropriating Logan, Utah. Said he:

The president of that college is a polygamist, living in open and notorious polygamy with three wives. One of his leading profes sors is a polygamist, living with two wives. The trustee is a polygamist, living in open and notorious polygamy with seven wives (laughter), and they have blessed him with 52 children. [Laugnter.] The president is innocent and we are innocent because we put faith in the pleage and promise of the pious

covenant breaker. [Applause and laughter.] He further asserted that three of the members of the first presidency and ten of the 12 apostles who signed the petision for amnesty were polygamists. He turther said in part:

Of these to leaders who solemnly pledged their honor and taith for the future obedience to the law by the Church of Jesus Christ of Latter Day Saints, three have probably kept their pledges, namely, Wilfred Woodruff, Franklin D. Rogers and Anthony H. Lunn The two first named at the time of the signing of the petition for amnesty were over 8. years of age, and that for all practical purposes barred them by the statute of limitation. [Laughter.]

George Q, Cannon, first councillor to the president of the enacch, is also morally guilty. On the death or Enzabeth Hoagrin Cannon, his lawful wife, and after taking unto himself three additional wives, Mr. Cannon now claims to be legariy married to one Caroline Croxall, a lifth wife, by whom he has had two children, and he and an his wives live in a suburb near Sait Lake City, having no neighbors, and it is known as Cannonsville. [Laughter.]

Mr. Rawnns might heve said that Joseph F. Smith, second councillor to the presidency, has three women, among whom he distributes the title of wife. Mr. Rawlins might have stated that Lorenzo Snow, now prophet, presi dent sear and revelator, and at the time of the signing of the peution for amnesty president of the form of apostles, is also trampling under foot the solemn compact made by the government.

He took his first two wives in Nauvoo, Ills. over 40 years ago by one and the same ceremony, in a block of two, as it were. [Laughter.] The ender of the two women has since and he has since married, in order named, Sarah, Harriet, Elinor, Mary, Phoebe.

Channie and Caronne. [Laughter.] Would not you have to sit down to preasfast in that family? [Laughter.] Snow is now living with the youngest and last wife, by whom he had six years after the mannesto predging the fath and honor of the church had been issued

Moses Toutener, one of the spotless who signed the petition of amnesty, has three plural wives, two of whom bore nim children, one on Jan. 5, 1599, and the other on Jan. 11, 1599. They just tacked three days of being

wins. [Great laughter.) We have as a representative from Utah a man with three wives, the last one taken, the report says, as near as we can ascertain. Defore 1890. It is in evidence that he did not noid her out as his wife nor she him as her husband until 1897. Up to 1895 she fived under the name of hipp and under the roof of Shipp. I do not beneve if any marriage ceremony was ever solemn.zed that it was solemnized prior to 1895. I believe, and he did not deny that that woman became his plural wife after Utah was taken into the American union. And I charge here that Utah came in as the result of a deliberate conspiracy to free that people from the heavy hand of the federal authoricy and then enable them to live their religion unundered.

In 1:95 Mr. Roberts was a candidate for con gress and the church disciplined and defeat d him because the time was not then ripe for a polygamist to come to the American congress He became a candidate in 1898, and the min who placed him before the convention state. that he ran by permission of the church. In loss we were engaged in a war with a forei, foe. American manhood was away from hom or all absorbed in country. Valor was at war and virtue was at prayer. The north and the south under one flag, they noped in this gen eral magnanimity to come back, and it was then this perjured cheat attempted to craw. in. Sir, i. came by itself, but it will be hurieu back botaly and in the open day by the out raged indignation of the American people [Applause.] And across you threshold will be written in letters large enough to be rea. from the national capitol to the Mormon temple, "no polygamist shall ever sit as a member of the American congress."

[Applause] The gengleman from Utah (Mr. Roberts) nabeen particularly severe on the missionaries I do not wonder at it. The missianary has given attention to the polygamist, has stood m his path, has scattered thorns along his path, and for this he is branded as a spotter, an informer and a spy. History w !! bear our this statement, that, although these fanatical priests and their deluded followers put 1.0.0

miles of trackless wilderness, 1,000 miles of desert waste, infested with savages, between civilization, between their camp of bigotry and crime, yet the distance was not too great. nor were the hardships too severe to daunt he spirit of the missionary of the Christian church. He tracked polygamy and faced it in its lair. The Danites, as cruel and pitiless a band of cut throats as ever handled the glitering steel, carried on the murderous work of the church. Still the missionary toiled on. The blood

toners silenced forever in death the voice of apostacy, but that hindered not the missionary. The government practically abandoned the field, considering that it was powerless to hinder that monster, fortified in those moun tain fastnesses: but the American christian missionary, with a courage that now seems sublime, with a fidelity to purpose that is now an inspiration, battled on in the fear of God and for the love of humanity. [Applause.]

But." the gentleman says, "we took these women in good faith, and we should not abandon them." There are 2,000 polygamous families in Utah. Provide for your plural wives. take care of your plural children, but refrain, for God's sake refrain, from multiplying the \$40,000 for the agricultural college at hieritimates in the new state of Utah. [Ap-

Continuing, Mr. Landis said:

Mr. Roberts has sneered at a good and noble woman (Miss Helen Gould) who helped to organize this movement again4t him. When our boys tell from disease or in a ttle, her millions went. And who knows but that to day the same name that was spoken so reverently at Santiago and Montauk Point, by American soldiery, is lisped in reverence out there in Utah by those women, doomed by brutal bigots to the belief that their celestial exaltation will be in proportion as they ministered to the rotten and lustful notions of a corrupt

priesthood. [Applause.]
I say that the people of this country expect us to turn him back. I protest against his coming in. I protest on behalf of the constituency that has read the Ten Commandments and the Sermon on the Mount. I protest on behalf of the American homes, made beautiful by love and devotion, and holy by the vir tue of ou; womanhood, I protest on behalf of the American mother and her child and the American father who will never consent to the enthronement and deffication of human pas

I protest on behalf of those doomed to illegitimacy. I protest on behalf of the honest Mormons, those who believe in keeping inviolate the condition upon which Utah was ad mitted to the American union. The country is waiting for us to act. The people are wait ing off in New England whose homes have been made a pattern for this continent. They are waiting in the broad sweep of the Missis sippi valley, a section of this country purged of this very infamy a half a century ago.

They are waiting in the new states of the west, states whose territory has been invaded and whose atmosphere has been poisoned by this very plague. And away down south in Dixie, where honor is religion, where gal lantry is law, and virtue is the high ideal of beautiful womanhood, states are waiting today, waiting for American chivalry to speak. [Loud applause.]

Miners and Operators in Fearful Tangle.

BOGLE CALLED RYAN A LIAR.

Miners Determined to Not Give Up Their Fight to Get West Virginia and Iowa Into the Conference Operators Opposed Iowa in Meeting.

Indianapolis, Jan. 25.—At the miners' convention it was announced that A. L. Lewis, of Ohio, had been elected to the vice presidency on the second ballot. He was the Pennsylvania-Ohio choice and had a great measure of support from illinois and Indiana. Lewis had a majority of seven over the other two canadates, John P. Reese, of lowa, and W. D. Vanhorn, of Indiana. The point has been raised that another bailot should be taken as the total vote of the convention was not out, but this wift hardly stand, as the constitution of the organization requires the successful candidate to have merely a "majority of the votes cast."

There was a two-hours' session of the joint conference between the delegates from the United Mine Workers of America and those from the Interstate Operators Association, and so much bad reeling was engendered that it was deemed advisable to adjourn until today to allow the feeling to subside.

immediately upon calling the session to order, Chairman Bogle asked for the report of the committee on credentials and Chairman Dilcher reported it had been decided that the states of Indiana, Omo, Pennsylvania and Illinois were entitled to representation in the joint conference. When it came to considering the admission of the state of lowa, there was a division, the members from the operators opposing and those from the miners ravoring it. The rollcall resuited in a tie.

The chairman then announced that he was entitled to cast the deciding vote, and voted no, thus departing the

The report of the committee on rules adopted aimid great confusion. A number of miners, naving taken umbrage at The British losses up to date in ki the runng of the chair, began to leave the hall, and, before the nour of adjournment had arrived, half of them had taken their departure. The delegations from the various states were next asked to appoint a scale committee of four members, with four alternates, each from the miners and operators. Names were handed in for Onio and Pennsylvania as follows: Ohio miners - W. H. Haskins, D. H. Suilivan, Thos. L. Lewis and W. L. Morgan. Alternates -S. H. Dlack, Chris Evans, Atex. Smith and George Hopkins. Onto operators-H. L. Chapman, Inomas Johnson, J. S. Morton and W. R. Woodford. Alternates-W. S. Courtwright, Walter J. Mulins, T. J. Morgan and Captain S. M. Drake.

Pennsylvania miners-- William Dodds. Walter Calvery, Pat Dolan and Wilham Wilson. Alternates-William Smith, William Tuttle and Sam Gaskell. Pennsylvama operators-F. L. Robbins, F. M. Osborne, W. B. Rogers and L. W. Robinson. Alternates-G. W. Schluderborg, O. S. Blackburn and H. J. Lau-

After these committees had been named a motion was made to allow the delegates not seated to have a seat in the conference without a voice. This started the crouble. On the rollcall the motion was lost, the miners voting against it, giving as their reason that the delegates ought to be admitted to the full privilege or not at all. During the discussion, Secretary William D. Ryan accused Bogle of being two-faced and voting against every proposition the miners advanced.

Bogle said he did not want the chairmanship and called Lyan a har. Mitchell counseled peace, and further

said: "We made no effort to get the chairmanship of this convention, though entitled by right of greater numbers to do so. I make the point that you have no right to a deciding vote for the simple reason that your vote is cast by the chairman of the Indiana operators."

Much feeling is snown on both sides. The operators clearly ourgenerated the miners in that chorts to get lowa and West Virginia admitted, and the miners have determined not to give up the fight. ## BRITISH LOSSES LARGE.

Reported to Be Over 8,000-Public Anxious for News from Buller's

LONDON, Jan. 25 .- As far as known nothing definite came from General Baller, while the public anxiety is great. The morning papers went to press with conjectures and forecasts of all sorts, striving to guess out something from Spionkop.

Topography maps show that Spienkop is the highest part of a rocky plateau. Eastward for eight miles are the Boer positions, along the Tugela. Northwestward from Spionkop the plateau runs gradually up to a great spur of the Drakensberg.

General Buller's infantry, to reach the summit of Spionkep, must cross a natural glacis three-quarters of a mile wide and climb 500 feet up a steep

Nobody here seems to know, not even the war office, what Lord Roberts has done with his large reinforcements. Six thousand troops awaited his arrival at Cape Town, and since then 6,000 others have reached there. Illitary critics are all hoping that a good share of these 12,000 have gone to help General Buller, and they argue that a few days' wait may make him strong enough to overcome the deadlock.

SPEARMAN'S CAMP, Tuesday, Jan. 23, 9:30 p. m.-The British field artillery and Howitzers shelled the enemy posted on the crest of the ridge this morning.

The infantry, under excellent cover, kept up an effective rifle fire. The Boers resigned a kopje, of which the British infantry took possession. When retiring, the enemy sheltered themselves behind a stone wall on the slope of the kopje, which they held for hours.

This afternoon they ran across the ravine. The British artillery poured shrapnel and lyddite into them, and the infantry took the stone wall.

The British casualty list was small.

will be interested in the case of Willard Morgan, lately engaged as messenger boy of the NEWS REVIEW. Young Morgan is between 13 and 14 years of age and his mother was anxious that he should have a position in this office. After securing the position, Mrs. Morgan interviewed Superintendent R. E. Rayman, who informed the lady that it would be compulsory upon her to send the boy to school until he reached the box at the W. & W. pharmacy and afproper age, and that she and the proprietor of the News Review would be legally responsible in case of refusal. I ever used." The boy has been partially the support of his mother and she was anxious that he should remain in this office and receive his education through the medium of the night school

Investigation has developed the fact that the stand taken by Prof. Rayman is correct, and young Morgan will leave this office Saturday evening, to resume his school attendance Monday morning. We are strict observers of the law and comply with the requirements thereof, and would say to the school authority: "Well done, good and faithful servant; thou hast been faithful in a few things." and we would suggest that you should be more fully faithful in this particular of the enforcement of the law respecting attendance of school by youths, male and female. This opens up a question since—the employment of children under age in various establishments. The factory inspector, in common with the smant officer of this city, should make it their duty to strictly enforce the law in all cases. Truant Officer Beardmore, we understand, has been attempting this to the very best of his ability, but has not been receiving that loyal support which he should from the factory inspector and other officials of this city. We have nothing but words of praise for Professor Rayman. He is a personal friend, and we accept his ultimatum in the same spirit in which it is given. Charles J. Gidden, president, and Hon. John C. Burke, general counsel, of the Michigan and Erie Telephone systems, have been at the Russel house the past few days in consultation with the managers of the independent companies.

John Stuart Mill clearly explained to our grandfathers how foolish people were who expected the price of any product would be permanently kept down to the cost of production through a war of competition. And now the good citizens of Detroit have had a practical illustration of the same lesson our grandfathers learned seventy years ago, and which has also been practically illustrated every few years since the opening of the sixteenth century. The press dispatches inform us that "the Michigan (Bell) Telephone company has closed the deal for the control of the two independent companies that were telephone movement, the Detroit Telephone company and the New State Telephone company. Governor Pingree and several of his political and personal friends were prominent in the organization of the Detroit company."

The new State Telephone company was organized on Feb. 8 1897, with a capitalization of \$1,000,000. The company was organized for the purpose of establishing an independent toll line system throughout the state of Michigan, and of absorbing or building the necessary local plants. The stock was placed on the market as a perfectly safe investment and the financial prospectus showed that when the company secured phone subscribers located in 46 cities in | 15,000 subscribers in small towns at an average annual rental of \$20 each it would have an income of \$300.000; that Imobersteg paying the amount claimed long distance stations, representing fully only \$200,000 would be required to meet all possible requirements, hence there would be a balance of \$100,000 or "an assured 10 per cent dividend" yearly. It is also stated that "proceeds from stock sales will be immediately utilized in the construction of exchanges and connecting toll lines, and in such manner as to make the earning ability of funds secured commence at once. All stock will be sold at its par value only." It was also stated that "a net annual income four indictments. ## BBYAN IN HARRISBURG

Conferred With Pennsylvania Leaders Today.

## WILL SPEAK THERE THIS EVENING

Democratic Convention Likely to Be Held Early and Bryan's Declaration of Principles Will Be Affirmed-The Nebraska Made Speechss in Other Eastern States.

HARRISBURG, Jan. 25 .- There was a large gathering of Demograts from over the state in Harrisburg today to meet arrangements. William J. Bryan, James M. Guffey, of Pittsburg: State Chairman Rilling, Erie; Congressmen Polk, Hall and Green and other party leaders were here. The state committee met today to fix the time and place for holding the state convention and arrange for the full campaign.

The convention will probably oe held in this city on April 5 to nominate a ing: state ticket and elect national delegates and select presidential electors.

Mr. Bryan reached here about o'clock this afternoon and was escorted from the railroad station to hotel by a band of music and a reception committee. After an informal reception at the hotel he visited the board of trade rooms to meet the state committee. Later in the day he conferred with the party leaders. This evening he will address an open air meeting from the balcony of the Commonwealth hotel.

The party leaders are in favor of an early convention. The platform of the state convention will conform with Mr. Bryan's declaration of principles.

NEW YORK, Jan. 25 .- William J Bryan made a journey into Connecticut yesterday, addressing meetings at Stamford and New Haven, and then harried back to New York that he might keep his engagement to address a public meeting in Jersey City last night.

William J. Bryan was banqueted by the Robert Davis association at their clubbouse in Jersey City last night, after which he delivered a political speech before a large crowd in St. Mary's hall, and was loudly cheered as "our next president.'

Mr. Bryan indicated his surprise at the generosity of the reception, saying that it had been stated that the "silver question had been buried." So quick was the response of the audience, a large portion of which arose and drowned the voice of Bryan with its cheers, that the speaker hesitated momentarily even after quiet came. Before he could proceed one of the committeemen arose from his chair and shouted, "we are with you, colonel."

When the cheering and noise had subsided, Mr. Bryan said that he was almost sorry that he came. He had supposed that the Hudson county Democrats needed to be lectured, but he was made to see that he was wasting time; that he ought to have gone somewhere

Hoos, who introduced him, Mr. Bryan said that when a man indulged in the pleasant prophesy that he was to be the next president of the United States, it did not make his heart beat so fast as it used to when he first began to hear it.

He did not want the people to think that he was expecting to be the candidate of the Democratic party in the next campaign, or that he was striving for anything in the way of office, because, he said, he was in politics for many years to come. He rejoiced in the fact that he was still a young man, and that he would have much time yet in which to fight Republicans.

He then went on to criticise the Republican party for its allegiance to "Hannaism," and said that his first criticism of that party was on the fact that today its emblem is the dollar mark. No policy of the Republican party is now genuine unless you can see stamped upon it the dollar mark.

He also spoke on some of the issues of the day.

## THE MISSION OF CHAPELLE.

Instructed to Place Catholic Church in Philippines on Same Basis as American Church.

WASHINGTON, Jan. 25 .- There is a complete understanding between the government and Archbishop Chapelle concerning church affairs in the Phinppines. He has gone there as the representative of the pope for the purpose of reorganizing the Catholic church upon the same basis that exists in the United States, and General Otis is thoroughly informed of his mission and of the policy he is directed to pursue.

There is no intention on the part of the United States government to confiscate or occupy without fair remuneration any property belonging to the church, but the estate and other property belonging to religious orders, or whose title is in the name of the bishop, will be taxed like any other property, except property actually used for worship or for educational purposes. There will be no objection to the friars remaining in the Philippines, provided they do not interfere with political and civil affairs.

The schools will be secularized, although there will be no objection to the establishment of Catholic schools, provided the church or the people prefer to maintain them. No public money will be given to the support of any sectarian institutions, either educational or benevolent, and the priests will not be allowed any other privileges or immunities than they enjoy in this country. In short, Archbishop Chapelle understands and agrees that there is to be an entire separation of the church from civil affairs and the same freedom of worship and religious instructions that exist in this country.

James Whitcomb Riley's Joke.

#### Two Ladies of Fashion Meet.

A family living in a North Side flat welcomed a new housemaid last week. The girl had just come from Michigan, and her appearance was prepossessing. Soon after her advent it was discovered that she was inclined to treat the family with a patronizing air.

"Mary, you must do better, or I shall have to find some one to take your place," the mistress remarked the other morning.

"I don't allow any one to speak to me that way," replied Mary, with a toss of her head. "I'm just as good as you are, and I want you to know it."

Mary flounced out of the room and returned in two minutes with the weekly paper from her town. Among the social items was the following:

"Miss Mary Hanson has gone to Chicago to spend the winter. Miss Hanson is an acknowledged belle in the leading circles of Sawdust Creek."

Mary waited until her employer had had time to read the "personal," and ther she said with withering scorn:

"As I have always been accustomed to going with the best in my town and as I don't believe you ever have your name on the society page of the Sunday papers I guess I can't afford to stay with you."

The North Side woman declared the domestic incident closed.-Chicago In-

15TH YEAR. NO. 193.

EAST LIVERPOOL, O., THURSDAY, JAN. 25, 1900.

TWO CENTS

Vote to Be Taken on the Roberts Case.

AWFUL EXCORIATION BY LANDIS.

Indiana Orator Gave Mormons Fearful Lashing in the House-Roberts Was Absent-Noble Missionaries and Defense of Helen Gould.

Washington, Jan. 25.—The Roberts case comes to a vote today.

Mr. Roberts was not present at the second day's debate in the house.

Had he been he would have heard the most scathing excoriation of the Mormons ever delivered upon the floor of the house by Mr. Landis, the young orafor of Indiana.

The galleries were almost as crowded, but the ladies were less demonstrative. The president's pastor, Rev. Dr. Bristol, was in the executive gallery the greater portion of the afternoon listening to the arguments.

The other speakers were Messrs. Powers (Rep., Vt.), and Miers (Dem., Ind.), for the majority resolutions; Messrs. Snodgrass (Dem., Tenn.), and Wilson (Silver Rep., Idaho), for the minority resolutions; Mr. Lacey (Rep., lowa), for his proposition to expel without swearing in and Mr. Crumpacker (Rep., Ind.), for exclusion by a twothirds majority. The speeches greatly strengthened the majority resolutions, which seemed in danger of failing after Mr. Littlefield's speech the day before.

Mr. Landis argued that Utah had violated her compact with the United States. There had been universal rejoicing in the land in 1896, he said, when Utah had been admitted into the Union. The people of the United States thought that the birth of the state worked the death of the system of polygamy. Yet they were startled to learn in 1898 that Utah had elected as her sole representative in the house a polygamist, and that he was moving upon Wasnington with a plurality of wives and a multiplicity of children. [Laughter.]

He contended that Mr. Roberts was not entitled to admission because he had! violated Utah's compact with the United!

Mr. Landis resented as unworthy of belief the charge made, he said, by Senator Rawhns, that the president had appointed notorious polygamists to office. The senator might, as well accuse the house of endorsing polygamy since it had passed a bill appropriating \$40,000 for the agricultural college at Logan, Utah. Said he:

The president of that college is a polygamist, living in open and notorious polygamy with three wives. One of his leading professors is a polygamist, living with two wives. The trustee is a polygamist, living in open and notorious polygamy with seven wives (laughter), and they have blessed him with 55 children. [Laugnter.] The president is innocent and we are innocent because we put faith in the pleage and promise of the pious covenant breaker. [Applause and laughter.]

He further asserted that three of the members of the first presidency and ten of the 12 apostles wno signed the petision for amnesty were polygamists. He further said in part:

Of these to leaders who solemnly pledged their honor and taith for the future obedience to the law by the Church of Jesus Christ of Latter Day Saints, three have probably kept their piedges, namely, Wilfred Woodruff, Franklin D. Rogers and Anthony H. Lunn The two first named at the time of the sign ing of the petition for amnesty were over 8. years of age, and that for all practical purposes barred them by the statute of limita tion. [Laughter.]

George Q. Cannon, first councillor to the president of the charch, is also morally guilty. On the death of Enzabeth Hoagiin Cannon, his lawiui wife, and after taking unto himself three additional wives, Mr. Cannon now claims to be legally married to one Caroline Croxall, a lifth wife, by whom he has had two children, and he and an his wives live in a suburb near Sait Lake City, having no neighbors, and it is known as Cannonsville. [Laughter.]

Mr. Rawnns might heve said that Joseph F. Smith, second councillor to the presidency, has three women, among whom he distributes the title of wire. Mr. Rawhns might have stated that Lorenzo Snow, now propnet, prest dent sear and revelator, and at the time of the signing of the pecition for amnesty president of the form of apostles, is also trampling under foot the solemn compact made by the government.

He took his first two wives in Nauvoo, Ills. over 40 years ago by one and the same cere mony, in a block of two, as it were. [Laughdied, and he has since married, in order named, Sarah, Harriet, Elinor, Mary, Phoebe.

Minnie and Caroline. [Laughter.] would not you like to sit down to breakfast in that famity? [Laughter.] Snow is now living with the youngest and last wife, by whom he had ms youngest cand during the winter of 1890. six years after the manifesto medging the faith and honor of the church had been issued

Moses Teatener, one of the spotless who signed the petition of amnesty, has three plural wives, two of whom bore nim enlidren, one on Jan. 8, 1399, and the other on Jan. 11, 1899. They just tacked three days of being wins. [Great laughter. § We have as a representative from Utah a

man with three wives, the last one taken, the report says, as near as we can ascertain. before 1890. It is in evidence that he did not hold her out as his wife nor she him as her husband until 1897. Up to 1895 she lived under the name of shipp and under the roof of Shipp. I do not believe if any marriage ceremony was ever solemn.zed that it was solemnized prior to 1896. I believe, and he did not deny, that that woman became his plural wife after Urah was taken into the American union. And I charge here that Utah came in as the result o a deliberate conspiracy to free that people from the heavy hand of the federal authoricy and then enable them to live their religion un

In 1:95 Mr. Roberts was a candidate for con gress and the church disciplined and defeat d him because the time was not then ripe for polygamist to come to the American congress He became a candidate in 1095, and the mi. who placed him before the convention state that he ran by permission of the church. 1 lass we were ensaged in a war with a foreifoe. American manhood was away from hom or all absorbed in country. Valor was at wal and virtue was at prayer. The north and insouth under one flag, they hoped in this gen eral magnanimity to come back, and it was then this perjured cheat attempted to craw n. Sir, i. came by itself, but it will be hurieu back bold y and in the open day by the out raged indignation of the American people [Applause.] And across you threshold will be written in letters large enough to be rea. from the national capitol to the Mormon tenole, "no polygamist shall ever sit as a mem ber of the American congress." [Applause]

The gengleman from Utah (Mr. Roberts) has been particularly severe on the missionaries I do not wonder at it. The missianary has given attention to the polygamist, has stood in his path, has scattered thorns along his path, and for this he is branded as a spotter. an informer and a spy. History will bear our this statement, that, although these fanatical priests and their deluded followers put 1,000 miles of trackless wilderness, 1,000 miles of desert waste, infested with savages, between civilization, between their camp of bigotry and crime, yet the distance was not too great for were the hardships too severe to daunt the spirit of the missionary of the Christian nurch. He tracked polygamy and faced it in its lair. The Danites, as cruel and pitiless a eand of cut throats as ever handled the glittering steel, carried on the murderous work of the church.

Still the missionary toiled on. The blood atoners silenced forever in death the voice of apostacy, but that hindered not the missionary. The government practically abandoned the field, considering that it was powerless to hinder that monster, fortified in those moun tain fastnesses; but the American christian missionary, with a courage that now seems sublime, with a fidelity to purpose that is now an inspiration, battled on in the fear of God and for the love of humanity. [Applause.]

But." the gentleman says, "we took these women in good faith, and we should not abandon them." There are 2,000 polygamous families in Utah. Provide for your plural wives. take care of your plural children, but refrain, for God's sake refrain, from multiplying the filegitimates in the new state of Utah. [Ap-

Continuing, Mr. Landis said:

Mr. Roberts has sneered at a good and noble woman (Miss Helen Gould) who helped to organize this movement again4t him. When our boys fell from disease or in a ttle, her millions wept. And who knows but that to iay the same name that was spoken so reverently at Santiago and Montauk Point, by American soldiery, is lisped in reverence out there in Utah by those women, doomed by brutal bigots to the belief that their celestial exaltation will be in proportion as they ministered to the rotten and lustful notions of a corrupt

priesthood. [Applause.]
I say that the people of this country expect us to turn him back. I protest against his coming in. I protest on behalf of the constituency that has read the Ten Commandments and the Sermon on the Mount. I protest on behalf of the American homes, made beautiful by love and devotion, and holy by the vir tue of ou: womanhood, I protest on behalf of the American mother and her child and the American father who will never consent to the enthronement and deification of human pas-

I protest on behalf of those doomed to illegitimacy. I protest on behalf of the honest Mormons, those who believe in keeping invio late the condition upon which Utah was ad mitted to the American union. The country is waiting for us to act. The people are wait ing off in New Eagland whose homes have been made a pattern for this continent. They are waiting in the broad sweep of the Mississippi valley, a section of this country purged of this very infamy a half a century ago.

They are waiting in the new states of the west, states whose territory has been invaded and whose atmosphere has been poisoned by this very plague. And away down south in Dixie, where honor is religion, where gal lantry is law, and virtue is the high ideal of beautiful womanhood, states are waiting today, waiting for American chivalry to speak. [Loud applause.]

Miners and Operators in Fearful Tangle.

BOGLE CALLED RYAN A LIAR.

Miners Determined to Not Give Up Their Fight to Get West Virginia and Iowa Into the Conference-Operators Opposed Iowa in Meeting.

Indianapolis, Jan. 25.—At the miners' convention it was announced that A. L. Lewis, of Ohio, had been elected to the vice presidency on the second ballot. He was the Pennsylvania-Ohio choice and had a great measure of support from illinois and Indiana. Lewis had a majority of seven over the other two canadates, John P. Reese, of Iowa, and W. D. Vanhorn, of Indiana. The point has been raised that another ballot should be taken as the total vote of the convention was not out, but this wift hardly stand, as the constitution of the organization requires the successful candidate to have merely a "majority of the votes cast.'

There was a two-hours' session of the joint conference between the delegates from the United Mine Workers of America and those from the Interstate Operators' Association, and so much bad reeling was engendered that it was deemed advisable to adjourn until today to allow the feeling to subside.

immediately upon calling the session to order, Chairman Bogie asked for the report of the committee on credentials and Chairman Dilcher reported it had been decided that the states of Indiana, Onio, Pennsylvania and Illinois were entitled to representation in the joint conference. when it came to considering the admission of the state of Iowa, there was a division, the members from the operators opposing and those from the miners lavoring it. The rollcall resuited in a tie.

The chairman then announced that he was entitled to cast the deciding vote, and voted no, thus deparring the

in speaking on the motion to admit the state, Mr. F. L. Robbins accused the miners of not organizing West Virginia, as they agreed two years ago, and President Van Horn, of the Indiana miners, asserted that the miners had tried to organize them.

A num- existing on every field of operations. ber of miners, naving taken umbrage at the runng of the chair, began to leave the nall, and, before the nour of adjournment had arrived, hair of them had taken their departure. The delegations from the various states were next asked to appoint a scale committee of four members, with four amernates, on the crest of the ridge this morning. each from the miners and operators. Names were handed in for Onio and Pennsylvania as follows: Ohio miners -W. H. Haskins, D. H. Sullivan, Thos. L. Lewis and W. L. Morgan. Alternates -S. H. Dlack, Chris Evans, Atex. Smith and George Hopkins. Onto operators-11. L. Unapman, Inomas Johnson, J. S. Morton and W. IV. Woodford. Alternates-W. S. Courtwright, Walter J. Mulans, T. J. Morgan and Captain S. M. Drake.

After these committees had been named a motion was made to allow the delegates not seated to have a seat in the conference without a voice. This started the crouble. On the rollcall the motion was lost, the miners voting against it, giving as their reason that the delegaces ought to be admitted to the full privilege or not at all. During the discussion, Secretary William D. Ryan accused Bogle of being two-faced and voting against every proposition the miners advanced.

Bogle said he did not want the chairmanship and called Lyan a har. Mitchell counseled peace, and further

"We made no effort to get the chairmanship of this convention, though entitled by right of greater numbers to do so. I make the point that you have no right to a deciding vote for the simple reason that your vote is cast by the chairman of the Indiana operators.

Much feeling is snown on both sides. The operators clearly outgenerated the miners in their enerts to get rowa and West Virginia aumitted, and the miners have determined not to give up the fight. ## BRITISH LOSSES LARGE.

Reported to Be Over 8,000-Public Anxious for News from Buller's Operations.

LONDON, Jan. 25.—As far as known nothing definite came from General Baller, while the public anxiety is great. The morning papers went to press with conjectures and forecasts of all sorts, striving to guess out something from Spionkop.

Topography maps show that Spienkop is the highest part of a rocky plateau. Eastward for eight miles are the Boer positions, along the Tugela. Northwestward from Spionkop the plateau runs gradually up to a great spur of the Drakensberg.

General Buller's infantry, to reach the summit of Spionkop, must cross a natural glacis three-quarters of a mile wide and climb 500 feet up a steep

Nobody here seems to know, not even the war office, what Lord Roberts has done with his large reinforcements. Six thousand troops awaited his arrival at Cape Town, and since then 6,000 others have reached there. Mulitary critics are all hoping that a good share of these 12,000 have gone to help General Buller, and they argue that a few days' wait may make him strong enough to overcome the deadlock.

There are 19,000 troops as sea, and this heavy weight on the British side is

Vote to Be Taken on the Roberts Case.

AWFUL EXCORIATION BY LANDIS.

Indiana Orator Gave Mormons Fearful Lashing in the House-Roberts Was Absent-Noble Missionaries and Defense of Helen Gould.

WASHINGTON, Jan. 25 .- The Roberts case comes to a vote today.

Mr. Roberts was not present at the second day's debate in the house.

Had he been he would have heard the most scathing excoriation of the Mormons ever delivered upon the floor of the house by Mr. Landis, the young ora-

The galleries were almost as crowded, but the ladies were less demonstrative. The president's pastor, Rev. Dr. Bristol, was in the executive gallery the greater portion of the afternoon listening to the arguments.

The other speakers were Messrs. Powers (Rep., Vt.), and Miers (Dem., Ind.), for the majority resolutions; Messrs. Snodgrass (Dem., Tenn.), and Wilson (Silver Rep., Idaho), for the minority resolutions; Mr. Lacey (Rep., lowa), for his proposition to expel without swearing in and Mr. Crumpacker (Rep., Ind.), for exclusion by a twothirds majority. The speeches greatly strength and the majority resolutions, which seemed in danger of failing after Mr. Littlefield's speech the day before.

Mr. Landis argued that Utah had violated her compact with the United States. There had been universal rejoining in the land in 1896, he said, when Utah had been admitted into the Union. The people of the United States thought that the birth of the state worked the death of the system of polygamy. Yet they were startled to learn in 1898 that Utah had elected as her sole representative in the house a polygamist, and that he was moving upon Wasnington with a plurality of wives and a multiplicity of children. [Laughter.]

He contended that Mr. Roberts was not entitled to admission because he had violated Utah's compact with the United!

Mr. Landis resented as unworthy of belief the charge made, he said, by Senator Rawhns, that the president women in good faith, and we should not abanhad appointed notorious polygamists to don them." There are 2,000 polygamous fami-Senator Rawhns, that the president The senator might as well accuse the house of endorsing polygamy since it had passed a bill appropriating \$40,000 for the agricultural college at Logan, Utah. Said he:

The president of that college is a polygamist, living in open and notorious polygamy with three wives. One of his leading profes sors is a polygamist, living with two wives. The trustee is a polygamist, living in open and notorious polygamy with seven wives (laughter), and they have blessed him with a children. [Laughter.] The president is innocent and we are innocent because we put faith in the pleage and promise of the pious covenant breaker. [Applause and laughter.]

He further asserted that three of the members of the first presidency and ten of the 12 apostles wno signed the petision for amnesty were polygamists. He further salu in part:

Of these is leaders who selemnly pledged their honor and taith for the future obedience to the law by the Church of Jesus Christ of Latter Day Saints, three have probably kept their piedges, namely, Wilfred Woodruff, Franklin D. Rogers and Anthony H. Lunn The two first named at the time of the signing of the petition for amnesty were over 8. years of age, and that for all practical purposes barred them by the statute of limitation. [Laughter.]

George Q, Cannon, first councillor to the president of the charch, is also morally guilty. On the death of Enzabeth Hoagrin Cannon, his lawlul wife, and after taking unto himself three additional wives, Mr. Cannon now claims to be legally married to one Caroline Croxall, a lifth wife, by whom he has had two children, and he and all his wives live in a suburb near Sait Lake City, having no neighbors, and it is known as Cannonsville. [Laughter.]

Mr. Rawins might heve said that Joseph F. Smith, second councillor to the presidency, has three women, among whom he distributes the title of wife. Mr. Rawlins might have stated that Lorenzo Snow, now prophet, presi dent sear and revelator, and at the time of the signing or the pention for amnesty president or the form of apostles, is also trampling under foot the solemn compact made by the government.

He took his first two wives in Nauvoo, Ills. over 40 years ago by one and the same ceremony, in a block of two, as it were. [Laughter.] The elder of the two women has since died, and he has since married, in order named, Sarah, Harriet, Elinor, Mary, Phoebe.

linnie and Caronne. [Laughter.] Would not you had to sit down to preakfast in that fammy? [Laughter.] Snow is now fiving with the youngest and last wire, by whom he had ms youngest cand during the winter of 1890... six years after the mannesto medging the faith and honor of the church had been issued Moses Teatener, one of the spotless who signed the petition of amnesty, has three piural wives, two of whom bore nim emidren, one on Jan. 8, 1599, and the other on Jan. 11, 1899. They just tacked three days of being

We have as a representative from Utah a man with three wives, the last one taken, the report says, as hear as we can ascertain before 1890. It is in evidence that he did not hold her out as his wife nor she him as her husband until 1897. Up to 1895 she lived under the name of shipp and under the roof of Shipp. I do not believe if any marriage ceremony was ever solemn.zed that it was solemnized prior to 1835. I believe, and he did not deny, that that woman became his plural wife after Utah was taken into the American union. And I enarge here that Utah came in as the result of a deliberate conspiracy to free that people from the heavy hand of the federal authoricy and then enable them to live their religion unundered.

In 1-95 Mr. Roberts was a candidate for con gress and the church disciplined and defeat d him because the time was not then ripe for polygamist to come to the American congress He became a candidate in 1898, and the man who placed him before the convention state that he ran by permission of the churen. Is lsts we were ensaged in a war with a fore toe. American manhood was away from home or all absorbed in country. Valor was at wal and virtue was at prayer. The north and the outh under one flag, they hoped in this get eral magnanimity to come back, and it was then this perjured cheat attempted to craw in. sir, i came by itself, but it will be hurieu back boing and in the open day by thout raged indignation of the American people [Applause.] And across you threshold will be written in letters large enough to be reat. from the national capitol to the Mormon tens ple, "no polygamist shall ever sit as a member of the American congress." The gengleman from Utah (Mr. Roberts) na-

been particularly severe on the missionaries I do not wonder at it. The missianary nagiven attention to the polygamist, has stood m his path, has scattered thorns along his path, and for this he is branded as a spotter, an informer and a spy. History will bear our this statement, that, although these fanatical priests and their deluded followers put 1.0.0 miles of trackless wilderness, 1,000 miles of desert waste, infested with savages, between civilization, between their camp of bigotry and crime, yet the distance was not too great, nor were the hardships too severe to daunt the spirit of the missionary of the Christian church. He tracked polygamy and faced it in its lair. The Danites, as cruel and pitiless a pand of cut throats as ever handled the glittering steel, carried on the murderous work of the church.

Still the missionary toiled on. The blood atoners silenced forever in death the voice of apostacy, but that hindered not the missionary. The government practically abandoned field, considering that it was powerless to hinder that monster, fortified in those moun tain fastnesses; but the American christian missionary, with a courage that now seems sublime, with a fidelity to purpose that is now an inspiration, battled on in the fear of God and for the love of humanity. [Applause.]

But." the gentleman says, "we took these lies in Utah. Provide for your plural wives. take care of your plural children, but refrain, for God's sake refrain, from multiplying the illegitimates in the new state of Utah. [Ap-

Continuing, Mr. Landis said:

Mr. Roberts has sneered at a good and noble woman (Miss Helen Gould) who helped to organize this movement again4t him. When our boys fell from disease or in a ttle, her millions wept. And who knows but that to day the same name that was spoken so reverently at Santiago and Montauk Point, by Amerin Utah by those women, doomed by brutal ican soldiery, is hisped in reverence out there bigots to the belief that their celestial exaltation will be in proportion as they ministered to the rotten and lustful notions of a corrupt priesthood. [Applause.]

I say that the people of this country expect us to turn him back. I protest against his coming in. I protest on behalf of the constituency that has read the Ten Commandments and the Sermon on the Mount. I protest on behalf of the American homes, made beautiful by love and devotion, and holy by the virtue of ou: womanhood, I protest on behalf of the American mother and her child and the American father who will never consent to the enthronement and deification of human pas-

I protest on behalf of those doomed to illegitimacy. I protest on behalf of the honest Mormons, those who believe in keeping invio late the condition upon which Utah was ad mitted to the American union. The country is waiting for us to act. The people are wait ing off in New England whose homes have been made a pattern for this continent. They are waiting in the broad sweep of the Missis sippi valley, a section of this country purged of this very infamy a half a century ago.

They are waiting in the new states of the west, states whose territory has been invaded and whose atmosphere has been poisoned by this very plague. And away down south in Dixie, where honor is religion, where gal lantry is law, and virtue is the high ideal of beautiful womanhood, states are waiting today, waiting for American chivalry to speak. [Loud applause.]

Miners and Operators in Fearful Tangle.

BOGLE CALLED RYAN A LIAR.

Miners Determined to Not Give Up Their Fight to Get West Virginia and Iowa Into the Conference Operators Opposed Iowa in Meeting.

Indianapolis, Jan. 25.—At the min-A. L. Lewis, of Ohio, had been elected to the vice presidency on the second bailot. He was the Pennsylvania-Onio choice and had a great measure of support from illinois and Indiana. Lewis had a majority of seven over the other two canadates, John P. Reese, of lowa, and W. D. Vanhorn, of Indiana. The point has been raised that another ballot should be taken as the total vote of the convention was not out, but this wift hardly stand, as the constitution of the organization requires the successful candidate to have merely a "majority of the votes cast."

There was a two-hours' session of the joint conference between the delegates from the United Mine Workers of America and those from the Interstate Operators Association, and so much bad feeling was engendered that it was deemed advisable to adjourn until today to allow the feeling to subside.

immediately upon calling the session to order, Chairman Bogle asked for the report of the committee on credentials and Chairman Dilcher reported it had been decided that the states of Indiana, Onio, Pennsylvania and Illinois were entitled to representation in the joint conference. When it came to considering the admission of the state of lowa, there was a division, the members from the operators opposing and those from the miners lavoring it. The rollcall resuited in a tie.

The charman then announced that he was entitled to cast the deciding vote, and voted no, thus departing the

in speaking on the motion to admit the state, air. F. L. Robbins accused the miners of not organizing West Virginia, as they agreed two years ago, and President Van Horn, of the Indiana miners, asserted that the miners had tried to organize them.

Names were handed in for Onio and Pennsylvania as follows: Ohio miners -W. H. Haskins, D. H. Suilivan, Thos. L. Lewis and W. L. Morgan. Alternates -S. H. Dlack, Chris Evans, Alex. Smith and George Hopkins. Onto operators-H. L. Chapman, Inomas Johnson, J. S. Morton and W. R. Woodford. Alternates-W. S. Courtwright, Walter J. Mulans, T. J. Morgan and Captain S. M. Drake.

After these committees had been named a motion was made to allow the delegates not seated to have a seat in the conference without a voice. This started the double. On the rollcall the motion was lost, the miners voting against it, giving as their reason that the delegates ought to be admitted to the full privilege or not at all. During the discussion, Secretary William D. Ryan accused Bogle of being two-faced and voting against every proposition the miners advanced.

Bogle said he did not want the chairmanship and called Lyan a har.

Mitchell counseled peace, and firther

Nobody here seems to know, not even the war office, what Lord Roberts has done with his large reinforcements. Six thousand troops awaited his arrival at Cape Town, and since then 6,000 others have reached there. Military critics are all hoping that a good share of these 12,000 have gone to help General Buller, and they argue that a few days' wait may make him strong enough to overcome the deadlock.

## WOMEN OPPOSE WOMEN.

The State of Affairs Said to Exist In the Government Service.

"Why is it that women are practically debarred from receiving promotions to the higher places in the government service?" asked a government clerk of a quarter of a century's experience. The question was put to several ladies in the treasury department. Before any one of them had time to reply the questioner proceeded to answer his own interrogatory.

"It is because they are held back by members of their own sex," he said. "Some time ago a lady in one division I know of was so favorably regarded that she would have been made chief of that division, but as soon as her prospects became known her fellow clerks of the same sex became indig nant and united in a protest. They de clared that they could never work un der her; that they would a thousand times rather have a man than a woman to 'boss' them. They wouldn't allow her to 'lord it over them.

"That is only a sample of many cases. Women can be depended upon to antagonize women under such circumstances. Not only did they do so in the case I have cited, but they actually gave the marble heart and the icy hand to this woman after they de feated her prospects of a promotion. fluential obstacles to women in their effort to secure equal recognition with men comes from their own sex."

The State of Affairs Said to Exist In the Government Service.

"Why is it that women are practically debarred from receiving promotions to the higher places in the government service?" asked a government clerk of a quarter of a century's experience. The question was put to several ladies in the treasury department. Before any one of them had time to reply the questioner proceeded to answer his own interrogatory.

"It is because they are held back by members of their own sex," he said. "Some time ago a lady in one division I know of was so favorably regarded that she would have been made chief of that division, but as soon as her prospects became known her fellow clerks of the same sex became indig nant and united in a protest. Investigation has developed the fact that the stand taken by Prof. Rayman is correct, and young Morgan will leave this office Saturday evening, to resume THAT CONSUL MACRUM HAD his school attendance Monday morning. We are strict observers of the law and comply with the requirements thereof, and would say to the school authority: "Well done, good and faithful servant; shou hast been faithful in a few things," and we would suggest that you should be more fully faithful in this particular of the enforcement of the law respecting attendance of school by youths, male and female. This opens up a question since—the employment of children under age in various establishments. The factory inspector, in common with the sruant officer of this city, should make it their duty to strictly enforce the law in all cases. Truant Officer Beardmore, we understand, has been attempting this to the very best of his ability, but has not been receiving that loyal support which he should from the facinspector and other officials of this city. We have nothing but words of praise for Professor Rayman. He is a personal friend, and we accept his ultimatum in the same spirit in which it is given. The officials in charge will have no difficulty in finding plenty of boys under the required school age constantly loafing on Sixth street in flesh of another.

## A BIG CONSOLIDATION.

The growth of the modern telephone system, which now extends into almost every hamlet and village in the country. is surprisingly shown by the recent transfer in which 6,000 miles of independent telephone lines and 10,000 independent telephone subscribers in the this morning if the deal had been closed state of Michigan passed into the control for the Chelsea pottery at Cumberland of what is popularly known as the Bell company.

Within the past ten years independent companies in opposition to the Bell people have sprung up in various sections. Rates have been cut for a time, followed by consolidation, and the promoters were the principal gainers. Transfers of such size as that involved in the Michigan consolidation reported elsewhere in this issue, show the ever increasing strength of the Bell company and the desire of that company to maintain its pre-eminence as the telephone company of the United States. The article referred as a matter of independent companies have scarcely ever been a financial success, and, as a convenience to the public, the existence of the strong rival Bell company has made the necessity of two 'phones a burden rather than a blessing.

The new State Telephone company was organized on Feb. 8 1897, with a Independent System of the State, Including capitalization of \$1,000,000. The company was organized for the purpose of establishing an independent toll line system throughout the state of Michigan, and of absorbing or building the necessary local plants. The stock was placed on the market as a perfectly safe investment and the financial prospectus showed that when the company secured 15,000 subscribers in small towns at an average annual rental of \$20 each it would have an income of \$300.000; that only \$200,000 would be required to meet all possible requirements, hence there would be a balance of \$100,000 or "an assured 10 per cent dividend" yearly. It is also stated that "proceeds from stock sales will be immediately utilized in the construction of exchanges and connecting toll lines, and in such manner as to make the earning ability of funds secured commence at once. All stock will be sold at its par value only." It was also stated that "a net annual income four indictments. ## BBYAN IN HARRISBURG

Democratic Convention Likely to Be Held Early and Bryan's Declaration of Principles Will Be Affirmed-The Nebraska Made Speechss in Other Eastern States.

HARRISBURG, Jan. 25.—There was a large gathering of Democrats from over the state in Harrisburg today to meet William J. Bryan, James M. Guffey, of Pittsburg: State Chairman Rilling, Erie; Congressmen Polk, Hall and Green and other party leaders were here. The state committee met today to fix the time and place for holding the state convention and arrange for the full

The convention will probably oe held in this city on April 5 to nominate a state ticket and elect national delegates and select presidential electors.

Mr. Bryan reached here about o'clock this afternoon and was escorted from the railroad station to hotel by a band of music and a reception committee. After an informal reception at the hotel he visited the board of trade rooms to meet the state committee. Later in the day he conferred with the party leaders. This evening he will address an open air meeting from the balcony of the Commonwealth hotel.

The party leaders are in favor of an early convention. The platform of the state convention will conform with Mr. Bryan's declaration of principles.

NEW YORK, Jan. 25.-William J. Bryan made a journey into Connecticut yesterday, addressing meetings at Stamford and New Haven, and then hurried back to New York that he might keep his engagement to address a public meeting in Jersey City last night.

William J. Bryan was banqueted by the Robert Davis association at their clubhouse in Jersey City last night, after which he delivered a political speech before a large crowd in St. Mary's hall, and was loudly cheered as "our next president."

Mr. Bryan indicated his surprise at the generosity of the reception, saying that it had been stated that the "silver So quick question had been buried." was the response of the audience, a large portion of which arose and drowned the voice of Bryan with its cheers, that the speaker hesitated momentarily even after quiet came. Before he could proceed one of the committeemen arose from his chair and shouted, "we are with you, colonel.

When the cheering and noise had subsided, Mr. Bryan said that he was almost sorry that he came. He had supposed that the Hudson county Democrats needed to be lectured, but he was made to see that he was wasting time; the London exchange. that he ought to have gone somewhere

Referring to the remarks of Mayor Hoos, who introduced him, Mr. Bryan said that when a man indulged in the pleasant prophesy that he was to be the next president of the United States. it did not make his heart beat so fast as it used to when he first began to hear it.

He did not want the people to think that he was expecting to be the candidate of the Democratic party in the next campaign, or that he was striving for anything in the way of office, because, he said, he was in politics for many years to come. He rejoiced in the fact that he was still a young man, and that he would have much time yet in which to fight Republicans.

He then went on to criticise the Republican party for its allegiance to "Hannaism," and said that his first criticism of that party was on the fact that today its emblem is the dollar mark. No policy of the Republican party is now genuine unless you can see stamped upon it the dollar mark.

He also spoke on some of the issues

## THE MISSION OF CHAPELLE.

Instructed to Place Catholic Church in Philippines on Same Basis as American Church.

WASHINGTON, Jan. 25.—There is a complete understanding between the government and Archbishop Chapelle concerning church affairs in the Philippines. He has gone there as the representative of the pope for the purpose of reorganizing the Catholic church upon the same basis that exists in the United States, and General Otis is thoroughly informed of his mission and of the policy he is directed to pursue.

There is no intention on the part of the United States government to confiscate or occupy without fair remuneration any property belonging to the church, but the estate and other property belonging to religious orders, or whose title is in the name of the bishop. will be taxed like any other property, except property actually used for worship or for educational purposes. There will be no objection to the friars remaining in the Philippines, provided they do not interfere with political and civil affairs.

The schools will be secularized, although there will be no objection to the establishment of Catholic schools, provided the church or the people prefer to maintain them. No public money will be given to the support of any sectarian institutions, either educational or benevolent, and the priests will not be allowed any other privileges or immunities than they enjoy in this country. In short, Archbishop Chapelle understands and agrees that there is to be an entire separation of the church from civil affairs and the same freedom of worship and religious instructions that exist in this country.

## BBYAN IN HARRISBURG

Conferred With Pennsylvania Leaders Today.

## WILL SPEAK THERE THIS EVENING

Democratic Convention Likely to Be Held Early and Bryan's Declaration of Principles Will Be Affirmed-The Nebraska Made Speechss in Other Eastern States.

HARRISBURG, Jan. 25.—There was a large gathering of Demograts from over the state in Harrisburg today to meet arrangements. William J. Bryan, James M. Guffey, of Pittsburg: State Chairman Rilling, Erie; Congressmen Polk, Hall and Green and other party leaders were here. The state committee met today to fix the time and place for holding the state convention and arrange for the full campaign.

The convention will probably be held in this city on April 5 to nominate a ing: state ticket and elect national delegates and select presidential electors.

Mr. Bryan reached here about from the railroad station to hotel by a band of music and a reception committee. After an informal reception at the hotel he visited the board of trade rooms to meet the state committee. Later in the day he conferred with the party leaders. This evening he will address an open air meeting from the balcony of the Commonwealth hotel.

The party leaders are in favor of an early convention. The platform of the state convention will conform with Mr. Bryan's declaration of principles.

NEW YORK, Jan. 25.-William J Bryan made a journey into Connecticut yesterday, addressing meetings at Stamford and New Haven, and then harried back to New York that he might keep his engagement to address a public meeting in Jersey City last night.

William J. Bryan was banqueted by the Robert Davis association at their clubhouse in Jersey City last night, after which ne delivered a political speech before a large crowd in St. Mary's hall, and was loudly cheered as "our next president."

Mr. Bryan indicated his surprise at the generosity of the reception, saying that it had been stated that the "silver question had been buried." So quick was the response of the audience, a large portion of which arose and drowned the voice of Bryan with its cheers, that the speaker hesitated momentarily even after quiet came. Before he could proceed one of the committeemen arose from his chair and shouted, "we are with you, colonel.

When the cheering and noise had subsided, Mr. Bryan said that he was almost sorry that he came. He had supposed that the Hudson county Democrats needed to be lectured, but he was made to see that he was wasting time; that he ought to have gone somewhere

Hoos, who introduced him, Mr. Bryan said that when a man indulged in the pleasant prophesy that he was to be the next president of the United States, it did not make his heart beat so fast as it used to when he first began to hear it.

He did not want the people to think that he was expecting to be the candidate of the Democratic party in the next campaign, or that he was striving for anything in the way of office, because, he said, he was in politics for many years to come. He rejoiced in the fact that he was still a young man, and that he would have much time yet in which to fight Republicans.

He then went on to criticise the Republican party for its allegiance to "Hannaism," and said that his first criticism of that party was on the fact that today its emblem is the dollar mark. No policy of the Republican party is now genuine unless you can see stamped upon it the dollar mark.

He also spoke on some of the issues of the day.

## THE MISSION OF CHAPELLE.

Instructed to Place Catholic Church in Philippines on Same Basis as American Church.

WASHINGTON, Jan. 25,-There is a San Francisco. The route will be as complete understanding between the government and Archbishop Chapelle concerning church affairs in the Phinppines. He has gone there as the representative of the pope for the purpose of reorganizing the Catholic church upon the same basis that exists in the United States, and General Otis is thoroughly informed of his mission and of the pol-

There will be no objection to the friars remaining in the Philippines, provided they do not interfere with political and civil affairs.

The schools will be secularized, although there will be no objection to the establishment of Catholic schools, provided the church or the people prefer to maintain them. No public money will be given to the support of any sectarian institutions, either educational or benevolent, and the priests will not be allowed any other privileges or immunities than they enjoy in this country. In short, Archbishop Chapelle understands and agrees that there is to be an entire separation of the church from civil affairs and the same freedom of worship and religious instructions that exist in this country.

Note address—Roberts, 167 Fifth St. James Whitcomb Riley's Joke.

James Whitcomb Riley and Nye were a peculiar pair. They were everlastmgly playing practical jokes.

I remember when we were riding together in the smoking compartment between Columbus and Cincinnati. Mr. Nye was a great smoker, and Mr. Riley did not dislike tobacco. An old farmer came over to Mr. Nye and said:

"Are you Mr. Riley? I heard you was on the train."

"No. I am not Mr. Riley. He is over

"I know the father, and I would like

... th him, yes. But he is deaf, ann you want to speak loud." So the talmer went over to him and

said in a loud voice;

"Is this Mr. Riley?"

"Er-what?" "Is this Mr. Riley?"

"What did you say?"

"Is this Mr. Riley?"

"Riley, yes."

"I knew your father."

"No bother."

"I knew your father." "What?"

"I knew your father." "Oh, so did I!"

And in a few moments the farmer heard him talking in an ordinary tone of voice.-Saturday Evening Post.

#### Two Ladies of Fashion Meet.

A family living in a North Side flat welcomed a new housemaid last week. The girl had just come from Michigan. and her appearance was prepossessing. Soon after her advent it was discovered that she was inclined to treat the family with a patronizing air.

"Mary, you must do better, or I shall have to find some one to take your place," the mistress remarked the other morning.

"I don't allow any one to speak to me that way," replied Mary, with a toss of her head. "I'm just as good as you are, and I want you to know it."

Mary flounced out of the room and returned in two minutes with the weekly paper from her town. Among the social items was the following:

"Miss Mary Hanson has gone to Chicago to spend the winter. Miss Hanson is an acknowledged belle in the leading circles of Sawdust Creek."

Mary waited until her employer had had time to read the "personal," and ther she said with withering scorn:

"As I have always been accustomed to going with the best in my town and as I don't believe you ever have your name on the society page of the Sunday papers I guess I can't afford to stay with you."

The North Side woman declared the domestic incident closed.-Chicago In-

## Unique Way of Identification,

The Saunterer happened to be in a prominent bank, where he saw an identification effected in the most unique way yet heard of. A young railroad man came hurrying in with a check to cash. He was not known in the bank except by one man, and he, of course. @13c. was out.

"Well, here's my railroad pass," said he, producing the transportation card made out in his name. "Will this do?" The cashier took it and compared the indorsement on the back with the

writing on the pass. "That won't do you any good," said the owner. "All our passes are made

out before we get them." "I guess it's all right," said the cash-

ler hesitatingly. "Haven't you something else?"

"Well," was the answer after a moment's thought, "I've got an itemized dentist's bill in my pocket, and you can compare it with the fillings in my teeth," and he displayed the latter in a broad grin, which secured for him the money.-Philadelphia Inquirer.

MACRUM OUT OF A JOB.

State Department So Stated Three Times. seems Not to Understand.

Washington, Jan. 25 .- The state department is finding it difficult to repudiate Mr. Macrum. No less than three authoritative statements have been issued to the effect that Mr. Macrum is not consul to Pretoria or, in fact, in the United States consular service in a capacity, yet it appears that he himse. is under a different impression.

The fact that the United States senate confirmed a successor to Mr. Macrum as consul to Pretoria is regarded by the dopartment as sufficient evidence that he was thereby ousted, not only from his post at Pretoria, but entirely out of the service of the United States govern-

James Whitcomb Riley's Joke.

James Whitcomb Riley and Nye were a peculiar pair. They were everlastingly playing practical jokes.

I remember when we were riding together in the smoking compartment between Columbus and Cincinnati. Mr. Nye was a great smoker, and Mr. Riley did not dislike tobacco. An old farmer came over to Mr. Nye and said:

"Are you Mr. Riley? I heard you was on the train."

"No. I am not Mr. Riley. He is over

"Is this Mr. Riley?"

"Er- what?" "Is this Mr. Riley?"

"What did you say?"

"Is this Mr. Riley?"

"Riley, yes."

"I knew your father." "No bother."

"I knew your father."

"What?" "I knew your father."

"Oh, so did I!"

And in a few moments the farmer heard him talking in an ordinary tone of voice.-Saturday Evening Post.

#### Two Ladies of Fashion Meet.

A family living in a North Side flat welcomed a new housemaid last week. The girl had just come from Michigan, and her appearance was prepossessing. Soon after her advent it was discovered that she was inclined to treat the family with a patronizing air.

"Mary, you must do better, or I shall have to find some one to take your place," the mistress remarked the other morning.

"I don't allow any one to speak to me that way," replied Mary, with a toss of her head. "I'm just as good as you are, and I want you to know it."

Mary flounced out of the room and returned in two minutes with the weekly paper from her town. Among the social items was the following:

"Miss Mary Hanson has gone to Chicago to spend the winter. Miss Hanson is an acknowledged belle in the leading circles of Sawdust Creek."

Mary waited until her employer had had time to read the "personal," and ther she said with withering scorn:

"As I have always been accustomed to going with the best in my town and as I don't believe you ever have your name on the society page of the Sunday papers I guess I can't afford to stay with you."

The North Side woman declared the domestic incident closed.-Chicago Inter Ocean.

MACRUM OUT OF A JOB.

State Department So Stated Three Times. Seems Not to Understand.

Washington, Jan. 25.-The state department is finding it difficult to repudiate Mr. Macrum. The fact that the United States senate confirmed a successor to Mr. Macrum as consul to Pretoria is regarded by the dopartment as sufficient evidence that he was thereby ousted, not only from his post at Pretoria, but entirely out of the service of the United States govern-
